Say hello to Venator at Chinaplas 2018

Visit Venator, Hall 8.2, Stand E93

24 - 27 April 2018, National Exhibition and Convention Center, Hongqiao, Shanghai (NECC)

Wynyard, UK – Plastics experts from Venator – the new name for Huntsman Pigments and Additives – will showcase their extensive plastics product portfolio at Chinaplas next week. Exhibiting at the show for the first time since becoming an independent company, Venator will be promoting a variety of titanium dioxide, color pigments and functional additives products to enhance the properties of plastics.

Available under the well-established TIOXIDE® and SACHTOTEC® brands, Venator will also introduce TIOXIDE® TR42, TR48 and SACHTOTEC® TC designed to modify and deliver improvements to the properties of plastic products in order to meet the needs of manufacturers and producers in the plastics industry.

Stéphane David, Global Sales and Marketing Director at Venator, said: “We’ve chosen Chinaplas to introduce our innovative new grades for the plastics industry to the Asian market. We’ve exhibited at Chinaplas many times before but look forward to our first show as Venator. As always, our focus will be on talking to our customers about how we can support their formulations and deliver the high performance properties our customers need.

Say hello to Venator’s plastics experts at Chinaplas at Hall 8.2, Stand E93. Alternatively, email the team at: plastics_expert@venatorcorp.com or visit www.venatorcorp.com for more information.

About Venator

Venator is a global manufacturer and marketer of chemical products that comprise a broad range of pigments and additives that bring color and vibrancy to buildings, protect and extend product life, and reduce energy consumption. We market our products globally to a diversified group of industrial customers through two segments: Titanium Dioxide, which consists of our TiO₂ business, and Performance Additives, which consists of our functional additives, color pigments, timber treatment and water treatment businesses. We operate 26 facilities, employ approximately 4,500 associates worldwide and sell our products in more than 110 countries.

Cautionary Statement Concerning Forward-Looking Statements

Certain statements contained in this press release constitute “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements represent Venator’s expectations or beliefs concerning future events, and it is possible that the results described in this press release will not be achieved. These forward-looking statements are subject to risks, uncertainties and other factors, many of which are outside of Venator’s control, that could cause actual results to differ materially from the results discussed in the forward-looking statements.

Any forward-looking statement speaks only as of the date on which it is made, and, except as required by law, Venator does not undertake any obligation to update or revise any forward-looking statement, whether as a result of new information, future events or otherwise. New factors emerge from time to time, and it is not possible for Venator to predict all such factors. When considering these forward-looking statements, you should keep in mind the risk factors and other cautionary statements in the prospectus filed with the SEC in connection with Venator’s initial public offering. The risk factors and other factors noted in Venator’s prospectus could cause its actual results to differ materially from those contained in any forward-looking statement.
